Rising Sun - Martial Arts Supplies

The Mark self defense tool

[Call for Pricing](#)

The MARK gets its name from the question mark (?) shape. It is a multi-purpose tool made from a very tough, light weight, and shatter resistant polymer plastic. It is nearly indestructible under most conditions of use. The MARK is 1/4" thick plastic and sits flat in the back pockets on a pair of pants, tucked into your vest, the inside of your waistband, or the pocket of a book bag, purse, etc.
